

## **PURE NICKEL STRIPS**

**FOR ANODE CAPS FOR BATTERIES**

**Auerhammer  
Metallwerk**  
Wickeder Group

[www.auerhammer.com](http://www.auerhammer.com)

We produce special custom solutions for you which are suitable for standard tabs and connecting plates (stacks). Our portfolio covers cold-rolled Nickel strips, slit to narrow strips or wider sheets. Thickness range from 2.0 mm to 0.1 mm.

### Advantages:

- › State of the art
- › Reliable material
- › Weldability
- › Forming properties
- › Corrosion resistance

Configure your Cladding strip online:
